Thurs. 22 Aug. 2024 Washington DC Streets of Power: Alignments and Sacred Geometry

· The significance of Washington D.C.'s street layout goes beyond mere practicality; it's an intricate map of power, rooted in sacred geometry and designed to channel specific energies. Sacred geometry, a concept revered in both Freemasonry and other esoteric traditions, involves the use of specific shapes and alignments believed to reflect the fundamental principles of the universe.

· Many researchers and conspiracy theorists have pointed out that Washington D.C.'s street plan contains a series of alignments that seem too deliberate to be coincidental. For example, if you draw lines connecting the White House, the Capitol, the Washington Monument, and the Jefferson Memorial, you can form a large pentagram, albeit incomplete. The presence of this pentagram, a symbol with both protective and malevolent connotations in occult traditions, is interpreted by some as a sign of the city's connection to dark forces.

· Moreover, the grid-like pattern of the city, intersected by diagonals, forms numerous triangles and squares—shapes that have deep significance in Masonic rituals. Triangles, especially, are symbolic of the trinity in many esoteric beliefs, representing the connection between the material and spiritual worlds. The Capitol itself is positioned at the center of a triangle formed by Maryland Avenue, Pennsylvania Avenue, and the National Mall, symbolizing its role as the spiritual and legislative heart of the nation.

· The alignment of these landmarks and their connections via avenues like Pennsylvania Avenue is believed to create a flow of energy, channeling power between the different branches of government. This is not just about physical power but spiritual and symbolic power, reinforcing the belief that those who designed the city intended to harness these forces for their own purposes.

https://t.me/SidneyPowell/6215 #FBI #DOJ corruption is exposed here, and it must be stopped. They "classify" information to hide their own crimes and those of the "intelligence community." They have completely distorted "national security" to protect their own wrongdoing and jobs instead of the citizens of this country. Their conduct is despicable.

Everyone keeps asking, "who is they?"

Well some of them are listed on NOAA, as well as most of the ways weather can be modified, because they are required to report it to the Secretary of Commerce by the Weather Modification Act of 1972. The NOAA government website has a library catalog of 1,026 entries of weather modifications, but that's not all of them. If your home or business or property is damaged or a loved one is killed by their weather modifications shouldn't you be eligible for compensation? After all, did they ask you if you agreed to our weather being modified?

https://t.me/SidneyPowell/6288 "Controlling the weather is a dangerous conspiracy theory." Back in 2009 it wasn't. "Weather Warfare" on the History Channel talked about controlling the weather, HAARP, and steering hurricanes.

MASS MURDER IN PROGRESS: The Elites Are Actively Depopulating the Planet—Klaus Schwab, Chemtrails, and Bioweapons: The WEF's Plan to Wipe Out Billions Exposed!

The WEF Depopulation Agenda isn't a distant threat; it's here, right now, in every crisis shaking our world. This is a full-scale war on humanity, and you are the target.

They've unleashed weapons designed to eliminate us—slowly, covertly, relentlessly. The World Economic Forum, Klaus Schwab, and their shadowy controllers are orchestrating a diabolical plan hidden in plain sight.

Weather Modification? This isn't "cloud seeding"; they're manipulating storms, droughts, wildfires with military-grade tech to destabilize nations, ruin crops, and starve the masses. Every hurricane, every disaster—engineered to control population.

Bryed Billerbeck SoY © Copyright 2024-12-18

Illegal Immigration? It's not about "refugees." It's an engineered invasion to overload systems and destabilize economies, leaving fewer people to resist. Chaos, instability, and fewer births—their goal is clear.

Fluoride in your water? It's not for your teeth. Long-term exposure lowers IQ, decreases fertility, and ensures compliance. Generations are being turned into sterile, docile sheep, and IQ levels are plummeting as infertility rises.

Diversity, Equity, and Inclusion (DEI) isn't about fairness. It's a psychological weapon to divide society, crush values, and stop population growth. This is a war on unity and family.

Let's talk about GMOs. These aren't harmless crops; they're weaponized organisms designed to damage health and fertility. Chronic illnesses aren't random—they're part of a death-profit cycle fueled by Big Pharma, which sells the disease and the "cure."

Chemtrails? Those streaks in the sky aren't jet fuel. They're aerosol attacks loaded with deadly toxins like barium and aluminum, raining down on cities. Every breath brings us closer to an early grave, creating a sick, compliant population.

Climate change isn't about the environment; it's a control tactic. The carbon footprint myth is meant to guilt us into poverty, leaving us dependent on the elites' system. They're enslaving us under the guise of environmentalism.

The Great Depression was a test run. Now they're engineering poverty globally—housing crises, manipulated food prices, inflation. They want us broke and unable to resist.

And the deadliest tool? Bioweapons. "Emerging" diseases? Planned releases. Covid was just the beginning. The next wave will target genetic markers, ensuring mass casualties and total control. Meanwhile, they sit safe in bunkers, watching as chaos unfolds.

Their media empire glorifies degeneracy, mental illness, the breakdown of family. Hollywood, propaganda machines—they're all in on it, pushing a culture of decay.

The Global 2000 Population Reduction Plan is in motion. The roots run deep—Rockefellers, Kissinger, the Club of Rome. Klaus Schwab, the latest face of this agenda, carries the torch forward.
