The Poisoning of The Products we use and the Food we consume

Overview

This document compiles and organizes extensive data on the alleged poisoning of our food supply, examining various methods, effects, and implications. All information included is treated as factual and presented cohesively for analysis and understanding.

Food Distribution and Corporate Accountability

- **Walmart and Poison Food Distribution:** It is claimed that many Walmart executives have been tried and executed due to their role in distributing poisoned food. The noticeable reduction in Walmart truck fleets on highways is cited as evidence of this shift.

Gut Health and Its Importance

- **Neurotransmitters in the Gut:** The gut contains a significant number of neurotransmitters, making it an integral part of the brain. This connection explains the origin of the phrase “gut feel.” Protecting gut health is critical to overall well-being, as poisoning the gut can severely disrupt mental and physical health.
- **Personal Accounts:** Many report feeling dramatically better after eliminating processed and harmful foods, experiencing adverse effects when consuming such items again.

Methods of Food Poisoning

1. **Drones:** Allegations of drones being used to poison food.
2. **Fluoridation:**
    - Fluoride is reportedly used to dumb down populations and make them more dependent on government.
    - Fluoridated water has been banned in most countries due to neurological damage but is still used in select areas.
    - Fluoride in water and toothpaste is classified as a carcinogen and is said to damage the "God gland" (pineal gland).
    - Fluoridated water harms health, contradicting claims about dental benefits. [Source: https://t.me/JFK_Q17/1388, https://t.me/JFK_Q17/2258]
    - Vaccines are being introduced into the food supply. [Source: https://t.me/JFK_Q17/1116]

3. **Sugar and High-Fructose Corn Syrup:**
    - The junk food industry blamed obesity on individuals rather than the harmful effects of sugar.
    - High-fructose corn syrup, a GMO product, does not metabolize properly and contributes to health issues.
4. **Mercury Fillings:** Mercury fillings are said to leach poisonous mercury into the bloodstream, necessitating removal for detoxification.
5. **Matrix Foods:** "Matrix foods" refer to heavily processed foods that disrupt bodily functions. The recommendation is to consume only natural, God-made foods.
6. **Microwave Ovens:** Destroy nutrients in food, further reducing its health benefits.
7. **Vegetable Oils:** Highlighted as toxic, particularly in processed foods.
8. **Parasites and Bugs:** Alleged inclusion of parasites and bugs in processed foods.
9. **Plastic-like Foods:** Examples include Walmart cheese that doesn't melt and non-melting ice cream.
10. **Chlorine**: Present in drinking water, raising concerns about long-term health effects.
11. **Aluminum**: Commonly used in deodorants, with associations to neurological disorders like Alzheimer's disease.
12. **Carcinogens**: Found in cleaning and laundry products, contributing to increased cancer risks.
13. **GMOs (Genetically Modified Organisms)**: Engineered for corporate convenience, GMOs are linked to allergies, digestive disorders, and even chronic diseases like cancer. Often found in processed foods.
14. **Aspartame: A Sweet Poison**, **Composition**: Contains Aspartic Acid (40%), Phenylalanine (50%), and Methanol (10%), all of which can be harmful at high temperatures or concentrations. **Historical Concerns**: Aspartame's approval and continued use despite early evidence of toxicity remain controversial.

    - **Health Impacts**:
        - Methanol poisoning linked to blindness and nervous system damage.
        - Aspartic Acid acts as an "excitotoxin," damaging brain cells.
        - Phenylalanine and other byproducts such as formaldehyde and diketopiperazine (DKP) have been associated with brain tumors and other neurological effects.

Corporate Malfeasance and Regulatory Failures

- **FDA, CDC, USDA**: Criticized for protecting corporate interests over public health. Allegedly complicit in allowing harmful substances like GMOs, pesticides, and aspartame into the food supply.
- **McDonald's**: Human remains have been found regularly in McDonald's products, supported by independent investigations and whistleblower accounts.
- **Big Pharma**: Shielded by the 1986 Vaccine Injury Act, preventing lawsuits related to vaccine injuries. Recent calls for its repeal aim to increase corporate accountability.

- **Aborted Fetal Cells in Food Products:**

Bryed Billerbeck SoY © Copyright 2024-12-14

    - Certain brands and products are accused of using aborted fetal cells in production, including Pepsi beverages, Nestle products, Kraft-Cadbury Adams candies, and even vaccines and medicines.
    - Neocutis beauty products reportedly utilize aborted male baby cells for anti-aging creams.
- **Cannibalism Allegations:**
    - Claims suggest human flesh has been used in fast-food chains like McDonald's.
    - These practices are described as satanic rituals, involving aborted fetuses and organ harvesting.

Harmful Chemicals and Their Effects

Natural Remedies and Protective Practices

- **Grounding:** Walking barefoot promotes electrical grounding, reducing inflammation and improving health.
- **Pineal Gland Health:** Consuming pine pollen and pine bark supports the pineal gland and overall brain health.
- **Sacred Geometry in Nature:** The pentagram found in an apple's seeds symbolizes nature's biological harmony, which humans should emulate.

Medicines:

- Pulmozyme (Cystic Fibrosis), Enbrel (Rheumatoid Arthritis).

The Truth about Cancer

- Cancer is described as damaged cells thriving in acidic, obstructed environments. Prevention focuses on:
    - Supporting lymphatic system function.
    - Eliminating acidic waste through urination, defecation, respiration, and perspiration.
    - Reducing sugar intake, as cancer cells thrive on glucose.
    - Emphasizing natural and alternative cancer treatments such as the ketogenic diet, exercise, stress reduction, and supplements like Vitamin D3, curcumin, and omega-3 fatty acids.

Alternative Cancer Treatments

- A group of doctors compiled 18 science-backed alternative therapies, including:
    - Ketogenic diet to starve cancer cells.
    - Supplements such as curcumin, Vitamin D3, and Ivermectin.
    - Lifestyle changes, including exercise, stress reduction, and proper hydration.

Dangerous Food Coatings: Apeel

Bryed Billerbeck SoY © Copyright 2024-12-14

- Apeel, a food coating funded by the World Economic Forum and Bill Gates, is applied to fruits and vegetables sold in stores like Walmart and Costco. It cannot be washed off, posing potential health risks. Always check labels to avoid purchasing coated produce.

Other Medicines Containing Fetal Cells:

- Pulmozyme (Cystic Fibrosis), Enbrel (Rheumatoid Arthritis).

Microwave Ovens and Food Health

- Banned in Russia in 1976 due to studies showing health risks. Although the ban was lifted in the 1990s, microwaves reduce food's nutritional value by 60-90%, accelerate structural disintegration, and lead to systemic health problems such as cancerous cell growth.

Big Pharma and Medical Journal Ghostwriting

- On September 9, 2024, revelations highlighted Big Pharma's ghostwriting of medical studies to promote drugs falsely. Doctors are misled into prescribing these medications based on fraudulent data, risking patient health.
- Dr. Russell Blaylock asserts that the pharmaceutical industry prioritizes profits over health, perpetuating dependency on their treatments.

Systemic Manipulation by Big Pharma

- Big Pharma creates dependency through engineered diseases like "restless leg syndrome" and adult ADHD, driving unnecessary medication use.
- Collaboration with Big Tech ensures personal health data is exploited for profit.

The Matrix of Control

- The illusion of time and systemic control over daily life, from city layouts to traffic regulations, restricts creative freedom.
- Suppressed technologies (e.g., Nikola Tesla's free energy systems and violet ray healing) represent potential advancements stymied by corporate and governmental interests.

A Call to Action

- **Public Awareness**: Educate citizens on the hidden dangers in everyday products and the corporate motives behind them.
- **Policy Changes**: Demand stricter regulations on toxic substances, transparency in food labeling, and accountability for corporations and regulators.
- **Personal Choices**: Shift toward organic, non-GMO foods and natural health remedies. Limit exposure to processed foods, artificial additives, and corporate-controlled media.

The Final Truth

Bryed Billerbeck SoY © Copyright 2024-12-14

- The evidence suggests a widespread, systemic poisoning of the population through various means, from the food we eat to the products we use daily. Addressing these issues requires a collective effort to demand transparency, accountability, and healthier alternatives. Only by reclaiming our health and freedom can we ensure a safer future for generations to come.
- The healthcare system profits from sickness rather than health. Awareness and action are essential to break free from this cycle and reclaim control over personal health.
- Solutions include avoiding harmful products, advocating for transparency, and supporting natural health remedies.

Conclusions and Recommendations

- **Detoxification:** Eliminate processed foods, remove mercury fillings, and avoid fluoride-containing products.
- **Dietary Shifts:** Emphasize natural, unprocessed foods, and grow personal food supplies where possible.
- **Awareness and Advocacy:** Educate others on the dangers of processed and "matrix" foods while supporting natural remedies and sustainable practices.

This compilation serves as a resource for those seeking to understand and mitigate the harmful practices in modern food production. Further research and personal application are encouraged to achieve holistic well-being.

https://t.me/JFK_Q17/2245 I think most Wallmart execs have been tried and executed by now and finally, the white hats have put an end to their poison food distribution. Hopefully you've noticed the disappearance of the Wallmart fleet on the highways these past months. Used to be every other vehicle was a wallmart truck. Not today Zurgh!

https://t.me/JFK_Q17/2184 And here's why they go after your gut. Your gut actually has a good number of neuro transmitters, making it part of your brain. No joke. You've heard the phrase, "Gut feel"? This explains where that came from and what it means. Be nice to your gut! Stop poisoning it. I tried not to feed you such poisons but, they fooled me a lot too. I'm off all of that crap now and when I screw up, I really feel it. Totally screws me up. Try it yourself.

https://t.me/JFK_Q17/2186 Yet another way they're poisoning our food. Drones.

https://t.me/c/1636470244/166 Fluoridated water is banned by almost all countries of the world due to its neurological damage. Here are the reasons why some countries are using it and its dangerous effect on human biology.

https://t.me/JFK_Q17/1814 Fluoridated water/toothpaste is a carcinogen and damages our God gland.

https://t.me/cbknews/19427 THE KNOWN POISON IN PUBLIC DRINKING WATER ACROSS THE WORLD. Before you brush your teeth and drink that water…

Don't eat anything advertised on television.

The junk food industry used "science" to blame overweight people for obesity, when it was sugar the whole time, and GMO sugar like high fructose corn syrup which does NOT get metabolized in our system properly. Never forget that Pfizer paid the largest fine in history for lying about their drugs. Detox your body from drugs and matrix foods, make sure to get your mercury fillings removed ASAP. It's leeching poisonous mercury into your blood stream. If God didn't make it, then don't freaking eat it. Stay away from matrix food.

https://t.me/PBKQ17/220 And every time a real doctor calls them out or discovers a natural cure that would put big pharma out of business like they should be, they discredit the doctor. Cancer cured in the

McDonald's is the largest retailer of human meat. They boast in their motto "billions served". They must tell the truth and they do but you do not understand that you speak in babble and they speak in proper English. Etymology exposes their language. Etymology: "Mac"= is "the son of", or "Children". They tell you the truth in their menu. It's a big "mac or "son of man". You assume it is beef because they claim they are 100% USDA beef & guess what? It is 100% USDA beef. We are considered goyim by the 13 bloodlines which is cattle so again they told the truth as they are required, therefore they consider themselves free of any wrong doing. As Rabi Abraham Finkelstein said "if they don't believe it that's their problem". The double arches are devil horns & also 33 (the highest level of Freemasonary). Ronald McDonald wears red shoes. (Research the red shoe club) The elite wear red shoes which is leather made from babies. I have a news video of the local news here (Oklahoma) being caught in possession of children body parts found in an Oklahoma McDonald's meat wharehouse. I also have the rabbi fincklestien video I will share when I get a chance. In the image provided they are telling you in proper English what's on the menu. To bad you read in babble so they get away with telling you the truth & you consent by seeing it on the menu & ordering it anyway. The nuggets have nano technology in them (black strands) & the fries are soaked in pesticides prior to shipping them to various locations. There is nothing on the McDonald's food or drink menu that isn't poison. Even their water is flouride laced.

COCA-COLA

SYRUP+AND+EXTRACT

This "INTELLECTUAL BEVERAGE" and TEMPERANCE DRINK contains the valuable TONIC and NERVE STIMULANT properties of the Coca plant and Cola (or Kola) nuts, and makes not only a delicious, exhilarating, refreshing and invigorating Beverage, (dispensed from the soda water fountain or in other carbonated beverages), but a valuable Brain Tonic, and a cure for all nervous affections – SICK HEAD-ACHE, NEURALGIA, HYSTERIA, MELANCHOLY, &c.

The peculiar flavor of COCA-COLA delights every palate; it is dispensed from the soda fountain in same manner as any of the fruit syrups.

J. S. Pemberton.

Chemist

Sole Proprietor, Atlanta, Ga.

This is the first publicly sold bottle of Coca-Cola from 1880 and for its first 17 years of existence it has also contained cocaine, thus the name "Coca-Cola". It was so effective that it quickly got millions of people addicted and I wouldn't be surprised if it still contains that "secret" ingredient. Stay away from Matrix food.

Cut an apple at the EQUATOR & you'll find a near perfect sacred pentagram at the center, with each 5 points containing a seed. Earth, Fire, Water, Air & Ether. Along with the pentagram, the apple shows the sacred geometric bloom of toroidal energy dynamics of the magnetic / electro-static field. ⚛️ 🧲 That very geometry expresses the exact propagation of Light itself, in toroidal bloom of perturbations. The Golden Ratio / Phi Φ, universal "LAW & ORDER", in all its glory. The Pentagram is found all through nature. Is nature evil? No Has evil stolen sacred geometric symbols & perverted them & buried the knowledge? Yes Why? Because the biology of nature, is thus the biology of us. There is evidence that humans actually have super powers and our DNA has certain segments which have been deactivated and remain dormant. This DNA is referred to as junk DNA though it is far from junk.

DNA repair can be activated using a frequency of 528 Hertz. "My blood pressure level dropped 28 points after listening with headphones to 528 hz for 30 seconds." --Higher Inspirations. If nature displays intelligent design, then 528 is at the heart of it. Mathematicians and physicists have now proven 528 Hz is the "center" of the electromagnetic color spectrum. That means it is the center of the rainbow. That is why most of the botanical world is the color of grass.

For all you dummies that have absolutely no idea what's Trump's talking about... UV light is injected into the body as a disinfectant to kill bacteria and viruses and this has been used for a while now. Just because it's called a "disinfectant" doesn't mean it's Pine-So|

BORAX THE SUPER CURE

https://t.me/FlatEarthAndMore

In the 1960's Rex Newnham, Ph.D., D.O., N.D, developed arthritis. At that time he was a soil and plant scientist in Perth, Western Australia. Conventional drugs did not help, so he looked for the cause into the chemistry of plants. He realized that plants in that area were rather mineral deficient. Knowing that boron aids calcium metabolism in plants he decided to try it. He started taking 30 mg of borax a day, and in three weeks all pain, swelling and stiffness had disappeared. He told public health and medical school authorities about his discovery but they were not interested. However, some people with arthritis were delighted as they improved. Others were scared to take something with a poison label on the container and meant to kill cockroaches and ants. Eventually he had tablets made with a safe and effective quantity of borax.

Borax can cure and protect you From:

Arthritis, Osteoporosis, Osteoarthritis, Bone Spurs, Calcium Deposits, Lupus, Autoimmune Disease, Hormone Imbalances, Fungus/Fluoride, Candida, Ringworm, Tinea Versicolor, Insomnia, Rough Skin, Impotence, morgellons and Chemtrails.

• all the influenza strains

• RSV

Zinc Ionophores include:

• EGCG

We can potentially cure all Corona, Influenza, and RSV infections with a safe, cheap, and oral treatment approach. This is why the Globalists, Pharmaceutical industry, tyrants, despots, and devolved pagans are opposing this is approach. It undermines their agenda, profits, and the use of fear as a weapon. We must resist and sacrifice at all costs and win the war for God consciousness and freedom from tyranny.

Did you know that In Russia, microwave ovens were banned in 1976 because of their negative health consequences as many studies were conducted on their use. Shockingly The ban was then lifted after Perestroika in the early 90's. From a food aspect Microwaved foods lose 60-90% of their nutritional value and is having 2.4ghz radiation applied to it which also accelerates the structural disintegration of food. It is well known it alters elemental food-substances, causing digestive disorders and alters the food chemistry which can lead to malfunctions in the lymphatic system and degeneration of the body's ability to protect itself against cancerous growths. Microwaved foods lead to a higher percentage of cancerous cells in the bloodstream and this is why it's paramount they shouldn't be used for consumption of food.

· Mon. 9 Sept. 2024 Big Pharma is secretly "ghostwriting" articles in top medical and oncology journals to trick doctors into buying their drugs. Here's how the scam works: First, pharma pays companies big money to ghostwrite studies that look legit. Then, they approach doctors, offering them prestige in exchange for slapping their names on these ghostwritten studies. Once published in top medical journals, these articles deceive other doctors into prescribing their drugs, believing the results are authentic. This scheme tricks doctors into promoting treatments based on false research, driving up drug sales while putting patients at risk. THE WORLD "CANCER" IS JUST ANOTHER NAME FOR DAMAGED CELLS. …Secrets of Health on Telegram· Don't freak out over the word "cancer". In health, there is no "disease". You do not find "CANCER" in healthy tissue.

· When cells have been severely damaged, they mutate, first into atypical cells and eventually into "cancer" cells, but will continue to replicate themselves in this state genetically. It's NOT the cell that's the problem, it's the MEDIUM that has caused damage to the cell to begin with: an obstructed lymphatic system that cannot efficiently expel acidic wastes and chemical residues, leading to systemic acidosis and degeneration of tissue. But taking action to change this medium is ALWAYS an option and is, in most cases, within the individual's control.

· The task is to aid the lymphatic system in accomplishing its job properly by opening up the bodies 4 main channels of elimination with an emphasis on the skin and kidneys. As you begin to open up these channels, lymph fluid will begin to decongest, soften and flow more freely as the acidic medium slowly changes toward an alkaline, oxygenating and hydrating medium.

· The four ways our body eliminates acidic cellular waste are through: Urination (Kidneys); Defication (Colon); Respiration (Lungs); Perspiration (Skin)

Big Pharma is Secretly Ghostwriting Articles in Top Medical and Oncology Journals to Trick Doctors into Prescribing Their Dangerous Drugs!

Let's not waste time sugar-coating it. Big Pharma has rigged the entire medical system. What you thought was science, what you trusted as medical truth, is nothing but a carefully crafted illusion designed to control. They're not just ghostwriting articles to trick a few doctors; they're orchestrating a global takeover of the medical field, manipulating doctors, patients, and governments to keep the world sick, confused, and utterly dependent on their poisons.

Ghostwriting Lies: How Big Pharma Writes Your Fate

Big Pharma isn't just influencing medical journals—they're ghostwriting the very studies doctors rely on. These aren't real scientific studies. They're fraudulent marketing pieces disguised as "peer-reviewed" science, all designed to push dangerous, ineffective drugs. Doctors prescribe these drugs blindly, trusting the prestigious journals like The New England Journal of Medicine or The Lancet, not realizing they've been infiltrated by Big Pharma's PR machine. These studies are filled with fake data, false conclusions, and positive spins on toxic medications.

The Real Cost: You Become the Lab Rat

Bryed Billerbeck SoY © Copyright 2024-12-14

Once these ghostwritten studies are published, doctors across the world prescribe these drugs, believing they're safe. But you become the guinea pig. The side effects? Swept under the rug. The efficacy? Completely exaggerated.

The worst part? You're paying for this scam. You're a paying customer in a rigged system, designed to keep you sick, dependent, and drained of every dollar. Whether it's cancer drugs that barely extend life or psychiatric meds that destroy mental clarity, these drugs are made to keep you coming back.

New Revelations: How Big Pharma is Engineering "Diseases"

But it gets worse. Big Pharma is inventing new diseases to create markets for their drugs. Restless leg syndrome? Adult ADHD? These so-called "disorders" were engineered to sell you lifetime prescriptions for drugs you don't need. They've convinced the public that normal emotions are pathologies.

Feeling nervous before a meeting? You have anxiety disorder. Can't focus at work? You have ADHD. It's all a trap, pushing you into a cycle of unnecessary medications.

The Real Agenda: Population Control

This isn't just about making money. It's about control. Big Pharma, in alliance with governments, tech companies, and the global elite, is rolling out their ultimate endgame: population control. They want you dependent on their drugs so you're too sick and mentally numb to fight back. They're creating a sick, docile population, easier to manipulate, easier to dominate.

Look at how they're pushing vaccines, gene therapies, mRNA technology. It's not about health—it's about engineering your biology. The more drugs they pump into your body, the more control they have.

Who's Behind This?

Make no mistake, Big Pharma isn't acting alone. They're in deep partnership with Big Tech and the global elite. Companies like Google, Facebook, Amazon are feeding Big Pharma your personal data, tracking your behavior to push more drugs. Every symptom you Google, every treatment you search for—they use this to target you with the next pill, the next injection.

Bryed Billerbeck SoY © Copyright 2024-12-14

The Final Truth: Your Health is Their Weapon

Big Pharma doesn't want to cure you. They want to enslave you. Every drug, every treatment is just another tool to trap you in a never-ending cycle of pills, side effects, and dependence. They want you too weak to fight back, too fogged to think critically, and too hooked to live without them. This is not about health—it's about power.

Wake Up—It's Time to Break Free

The time to wake up is now. Stop trusting their rigged studies and their bought-and-paid-for doctors. Take back control of your health, your body, and your life. Don't let Big Pharma turn you into another statistic in their global game of profit and control. It's time to break free.

ARTIFICIAL SWEETENER CALLED ASPARTAME is actually a brain drug that stimulates your brain so you think that the food you're eating tastes sweet. You'll notice that when using Aspartame everything you eat at the same time also tastes sweet.

· Aspartame breaks down to its poison constituents at 86 degrees (Aspartic Acid 40%, Phenylalanine 50%, and Methanol 10%).

· There is mounting evidence that the "Burning Mouth Syndrome" experienced by the Desert Storm troops was actually Methanol poisoning from the Diet Coke they drank lots of, after being exposed to desert temperatures.

· Aspartame 10% Methanol appears in the body quickly and is the same alcohol that your mother probably warned you that it can make you blind. Many skid-row alcoholics had problems with this cheap but deadly form of alcohol.

· Aspartames 40% Aspartic Acid is an "excitotoxin" in the brain and excites neurons to death, i.e. it kills brain cells and causes other nerve damage and it triggers Migraine Headaches.

· Aspartame breakdown products attack the bodies tissues and create Formaldehyde which builds up in the tissues forever.

· Remember the smelly, eye watering fumes from the frogs you dissected in school? They were preserved with Formaldehyde! Formaldehyde is thought to cause cancer.

· Aspartame also breaks down to diketopiperazine [DKP] which is proven to cause Brain Tumors! Brain Tumors used to be rare!

Bryed Billerbeck SoY © Copyright 2024-12-14

· Several of the rats in the original study formed brain tumors during their Aspartame exposure. The researchers surgically removed the tumors and returned the rats to the study and discounted the tumors.

· Aspartame is poison! How the FDA allows this remains a mystery.

RFK Jr. is exposing the truth they never wanted you to hear: fluoride in your water is poisoning America. IQ loss, bone cancer, thyroid damage, and even spiritual suppression—the dangers are undeniable. And yet, public health officials have stayed silent for decades.

"Fluoride is an industrial waste," RFK Jr. declared, tearing apart the long-running narrative that it's a health benefit. In reality, this toxic byproduct of aluminum and fertilizer industries has infiltrated our

water under the guise of dental health. But the studies are clear: fluoride isn't saving your teeth—it's stealing your future.

IQ Loss and Brain Damage

RFK Jr. sounded the alarm on fluoride's impact on intelligence: "It causes dramatic IQ loss, particularly in unborn fetuses." Research proves it. Prenatal fluoride exposure leads to cognitive impairments in children, stripping them of their potential before they're even born.

Spiritual Assault

Fluoride doesn't stop at harming your body—it invades your very mind. By calcifying the pineal gland, it cuts off your connection to higher awareness. "It's the part of our brain that creates spiritual feelings," RFK Jr. explained. This isn't just a health issue; it's an existential threat.

Bone Cancer and Fractures

Prolonged fluoride exposure weakens bones, increasing the risk of fractures and deadly bone cancer. Meanwhile, your thyroid—the gland regulating your metabolism—is under siege, leading to fatigue, weight gain, and depression.

The Great Fluoride Scam

It all started in the 1940s. Industries needed a way to dump their toxic waste—and we became their dumping ground. They sold fluoride as a health miracle while laughing all the way to the bank. But RFK Jr. isn't fooled.

"We already get fluoride in toothpaste. We don't need it in our water," he said. And yet, fluoride continues to flow—because it's profitable. Follow the money, and you'll see who's really benefiting: chemical manufacturers, Big Pharma, and corrupt officials.

A Nation at Risk

Millions of Americans drink this poison daily, unknowingly putting their health—and their children's futures—on the line. The evidence is clear. The solution is simple. "Just get the fluoride out of the water," RFK Jr. demands.

This is a Fight for Freedom

This is bigger than health—it’s about reclaiming control. Fluoridation is a violation of your rights, your body, and your mind. RFK Jr. is leading the charge to end this toxic legacy, but he can’t do it alone.

What we call the future, which is the now at the Quantum Level.

The deception created by the Draconians, the illusion of time. Everything was tied into the illusion of time, it's the ultimate control instilled at the highest level. It's designed to control your every freedom, regulated by the seconds of the clock, by the minutes and hours. By the traffic lights, stop signs and the layout of the cities - a repetitive design everywhere, meant to keep your creative freedoms confined to their systems.

The world without power lines, telephone poles - replaced by free wireless energy by Nikola Tesla. Spaceships and spaceports, obsolete medical practices replaced by violet ray healing technology designed by Nikola, intergalactic travel amongst the stars - to infinite possibilities through our stargate portals and wormhole SSP technologies.

Supressed replicator technology - even to create at a grand scale all exists. Technology that can 'tag' who used adrenochrome directly vs people poisoned by adrenochrome was used by the US Military.

Reality is not what you thought it was.

The Matrix Was A Documentary

Since 2015, children’s teeth have been found in McDonald’s sausages, potatoes, and pancakes in various Japanese cities. By 2020, a Rabbi exposed that McDonald’s was using human parts in their "beef." This raises questions: were McDonald's closures in Walmart stores really about Covid, or was there a darker reason at play?

· McDonald’s is owned by the Khazarian Mafia, a group known to be heavily involved in the Illuminati, confirmed by survivors of Satanic Ritual Abuse. These insiders have revealed that human sacrifice is a regular practice for these elites, with innocent children being the primary victims, sacrificed in rituals to their god, Satan.

· The press conferences held by McDonald's Japan failed to address why human remains, specifically children's teeth, ended up in their food. Instead, they claimed the meat came from the U.S. headquarters and tried to shift the blame onto customers. But the truth is becoming impossible to hide.

Survivors have verified that McDonald's is the top buyer of human meat, sold through fast-food outlets worldwide.

· In the wake of these revelations, many McDonald's locations are being shut down globally. From New York City to Australia, stores are closing their doors. The media will tell you it's about the pandemic and changing shopping habits, but we know better. The truth is too dark for them to admit—McDonald's has been feeding us human remains for years.

· The storm is coming, and the Khazarian Mafia can't keep their secrets hidden much longer. The entire McDonald's network is rumored to be closing soon, but this isn't about a virus or a business decision—it's about covering up crimes against humanity. Stay alert, patriots. We are on the verge of the greatest exposure the world has ever seen.

· *The Center For Disease Control and Prevention (CDC) is NOT a "Federal" Agency, it's a private corporation working on behalf of its stakeholders, which include the Pharmaceutical and Vaccine Industries that profit from the spread of disease, not from real prevention and cures. Your 7-year-old wakes up exhausted.

Not because he's sick.

Because it's 6AM.

You pour him cereal.

Not because it's healthy.

Because it's quick.

He stares at an iPad.

Not because it's good for him.

Because you need to get ready.

"He can't focus"

"He can't sit still"

"He needs testing"

The doctor writes a prescription.

Not because your boy is broken.

Because the system is.

The truth?

His brain is FIGHTING:

- Chemical food dyes
- Sugar crashes
- Screen addiction
- Sleep deprivation
- Natural energy

But we medicate the child

Instead of fixing the cause.

Your grandfather's kids:

- Played outside

No pills needed.

Modern parenting isn't convenience.

It's warfare. Against your own child.

Give him a chance:

- Clean food

- Real sleep

- Free play

- Natural movement

DON'T give him pills.

The system wants patients.

RFK Jr. Declares WAR! Hershey’s Chocolate Officially BANNED Starting January 20th!

Hershey’s chocolate is no longer welcome in America! RFK Jr. has exposed their toxic, bioengineered ingredients and the decades-long betrayal of consumers. This is more than a boycott—it’s a WAR for our health, our families, and our nation’s future.

Hershey’s: From Beloved Treat to Poisonous Betrayal

For decades, Hershey’s represented American tradition—shared at campfires and cherished in stockings. But beneath the nostalgia lies a sinister truth. Hershey’s products now contain bioengineered ingredients—synthetic chemicals masquerading as food.

RFK Jr. has called out these toxic practices, demanding answers: Why were these ingredients introduced? What are their long-term effects? And why does a melted Hershey’s bar reform with a

strange, plastic-like residue? These questions expose a nightmare reality of corporate greed prioritizing profits over health.

The Bioengineered Scam: Americans as Guinea Pigs

Bioengineered ingredients, often derived from GMOs, are designed for corporate convenience—not consumer safety. Studies funded by the biotech industry conveniently claim their safety, yet independent research links these ingredients to allergies, digestive issues, and even cancer. Why are we risking our health for their bottom line?

RFK Jr. Declares Action: Hershey's Ban is Just the Beginning

Starting January 20th, Hershey's will be banned in the U.S. This move isn't just symbolic—it's a rallying cry to Make America Healthy Again (#MAHA). RFK Jr. has made it clear: every company that uses bioengineered garbage is next.

Trump and RFK Jr.: A United Front

As Donald Trump prepares to take office, this initiative aligns perfectly with his America First policies. Trump's administration will prioritize safe food, transparent labeling, and corporate accountability. Hershey's is just the start of a massive reckoning.

The Consumer Rebellion Starts NOW

Americans are done being lied to. RFK Jr.'s fight is our fight. Refuse to buy products from companies like Hershey's. Demand transparency. Share the truth.

The Revolution Is Here

This isn't just about chocolate—it's about taking back control of our health, our food, and our nation. The days of corporate deception are over. Together, we will expose the lies, crush their corrupt systems, and rebuild America stronger than ever.

for decades. This isn't just an appointment—it's a declaration of war against the corrupt medical-industrial complex that thrives on sickness, fear, and control.

· The Mission: Expose Big Pharma's Lies: Kennedy, armed with whistleblower testimonies and years of research, is taking on an empire built on deception. His first priority: uncover secret deals between Big Pharma and government agencies like the FDA, CDC, and NIH, which have reportedly prioritized profits over public health. Kennedy's team is said to possess classified documents exposing how pharmaceutical companies suppressed cures, inflated drug prices, and silenced dissenters to maintain their stranglehold.
