How the Rothchilds became so powerful:

It's a spell. Satan's spell. I honestly think the ones that aren't under it were recruited or volunteered to come here to help. There must be something different about us. There has to be. The shit everyone else can't see... Well there is something different about us... we were always black sheep and always different. I guess in a way we were being trained for being outcasts. So that when this time came that we would be cast out and persecuted we would be ready and clear minded... it's like playing a video game that you are already super used to playing... you bound to do better.

## MYSTERY OBJECT UNCOVERED IN GIZA GATEWAY OF THE GODS?

One of the most important discoveries of the century was made in 1926 when Howard Carter discovered the tomb of Tutankhamun. It contained many objects, including the famous golden mask. The discovery of the stargate in Giza is another important find.

Howard Carter, who discovered the tomb of Tutankhamun, is now famous. He was an English archaeologist and Egyptologist. He was the first to discover the tomb of Tutankhamun.

There were many stargates all over the earth. ○□✧ The ancient civilizations didn't have to use cars and they didn't have to destroy nature to clear the way for the roads. They usually used electromagnetic levitation vehicles and Stargates to travel between the cities.

A 24-hour process of talking to party bosses is not democratic, nor is it a process Democrats should be proud of. We do not live in a dictatorship. Delegates are not oligarchs.

Installing Kamala Harris as the Democratic nominee and an unknown vice president without any public voting process would make the modern Democratic Party a party of hypocrites.

We call on the [@DNC](#) to create a process that allows for public participation in the nomination process, not just a nomination by party delegates.

## VAULT 7 p.7 “Scribbles”

WikiLeaks released both the documentation and source code for the CIA's *Scribbles* project on April 28, 2017. Scribbles is an offline document watermarking software that must be installed on a target's device. Once installed, Scribbles automatically embeds code into Microsoft Office documents as they are accessed and modified. Using these watermarks, the CIA can identify insiders, leakers, whistleblowers, journalists, and others.

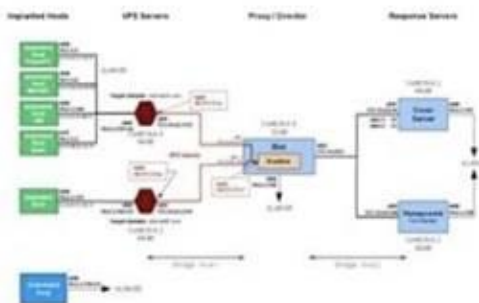

WikiLeaks' Vault 7 series has dealt a major blow to the United States' Central Intelligence Agency. The CIA's retaliatory threats against WikiLeaks and their invention of the label "*Non-State Hostile Intelligence Service*" is deeply concerning. In Ron Paul's recent interview with Julian Assange, both made it clear that while the methods of journalists are similar in nature to those of an intelligence service in terms of data collection and sourcing, what is done with that information is what differentiates the two. Furthermore, the United States Constitution doesn't grant our freedoms, rather, it ensures that the United States government does not infringe upon inalienable rights. The Fourth Estate safeguards us from tyrannical government and it must be protected from *Hostile Domestic Intelligence Services*.

What is?...

# VAULT 7 p.5 “Hive”

On Thursday, April 13<sup>th</sup>, 2017, CIA Director Pompeo vowed to silence WikiLeaks and named them a “non-state hostile intelligence service.” The following day, WikiLeaks released part 5 of the Vault 7 series, *Hive*.

Hive is the critical second piece to the implants described previously in Vault 7. Where those implants are embedded onto targeted devices, Hive is actually located on the web – hidden on unsuspecting looking domains. This allows the CIA to communicate with targeted devices, executing commands or retrieving information.

Anti-Virus and forensic companies had suspected that state-actor malware could function in such a way – creating a back and forth between infected machines and “back-end” HTTPS – but could not attribute the traffic to the CIA. By analyzing the contents of Vault 7, Symantec has been able to attribute “Longhorn” to the CIA, which reveals that the IP addresses being used to conduct these attacks are owned by legitimate companies. This might explain Director Pompeo’s new stance toward WikiLeaks.

What is?...

## VAULT 7 p.4 “Grasshopper”

WikiLeaks released *Grasshopper*, part 4 of the Vault 7 series, on April 7<sup>th</sup>, 2017. This release focuses on the persistent infection techniques developed by the CIA to target Microsoft Windows computers and devices.

The Grasshopper language allows CIA operators to quickly build complex, persistent, and custom spying loadouts. This allows the CIA to target specific operating systems, configurations, and to evade Protective Security Products (PSP) like Antivirus, MS Security Essentials, etc.

Over these past two months, WikiLeaks has released *Year Zero*, *Dark Matter*, *Marble Framework*, and now *Grasshopper*. From these releases we have learned that the CIA has virtually unlimited spying capacity – at home and abroad. Samsung, Apple, and Windows devices are being distributed with preloaded software that is often embedded onto firmware, re-installs itself, evades detection, and allows for remote control and data read/write. Moreover, all hacking attempts can be obfuscated – leaving the fingerprints of foreign governments.

The Vault 7 releases indicate rampant, illegal, and unconstitutional surveillance is being conducted by the CIA – an agency with absolutely no legal authority to conduct domestic surveillance in this manner.

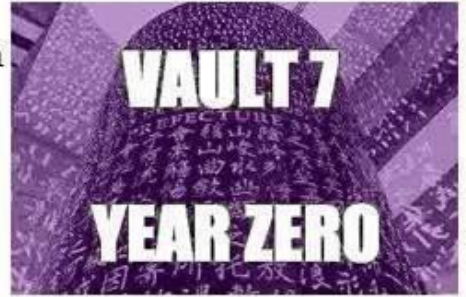

What is?...

# VAULT 7 p.1

In early February of 2017, Wikileaks issued a series of cryptic messages regarding Vault 7. On March 6<sup>th</sup>, Wikileaks tweeted that the deadline had passed and the FBI had not released Vault 7, so they would. A roughly 500mb file was put out to the public with a key promised to be released the following morning.

The key was released on March 7<sup>th</sup> at 6am and was taken from John F. Kennedy's famous quote, "I wish I could splinter the CIA into a thousand pieces and scatter it into the winds."

Vault 7 is the most important data leak in history. It reveals that the CIA:

- ▶ Can hijack virtually all smartphones, televisions, and computers.
- ▶ Can hijack smartphones to intercept nearby Wi-Fi traffic.
- ▶ Can remotely control cars and airplanes as assassination tools.
- ▶ Can leave the fingerprints of foreign nations on hack attempts.
- ▶ Has a department dedicated to psychological warfare against U.S. citizens.
- ▶ Uses the U.S. embassy in Frankfurt as the spying / hacking HQ of Europe.
- ▶ Has failed to report and has paid companies to keep vulnerabilities open.
- ▶ Has lost control of their malware arsenal to hostile actors and regimes.

We live in a 1984 style surveillance state. This should be getting 24/7 media attention, however, our media is controlled by the CIA. Wikileaks has stated that this is only the first release from the contents of Vault 7.

>Heir to the Rothschild family, Nathaniel Rothschild, today wrote to members of the British government, giving his view that Vladimir Putin is "the most dangerous man since the defeat of Hitler, with Xi Jinping a close second," and explained that,

"Ukraine is an essential piece that we cannot afford to lose, in the geopolitical chessboard." The heir to the Rothschild fortune argued that, "Russia must be excised from the international banking and economic system. We must bring Russia to its knees through any means possible, to send a strong signal to the Chinese and to protect our global system of norms and liberal values."

>"We must be under no illusions: if we allow Vladimir Putin to seize Ukraine, it will send a signal to our enemies, Iran, China and North Korea especially, that we will do nothing when faced with an onslaught of force.

>In effect, our current path, of lack of military action, means that our global order is dead on its feet. I urge you to deploy more force against Russia and its proxies, step up "information warfare" to correct opinion, especially online, and send weaponry to our friends in Ukraine. Without Ukraine, the global order may not survive.

The Durham report is damning. It shows the FBI operating as a disinformation shop for the Clinton campaign, ignoring its own rules, and blatantly & maliciously interfering in a presidential election. The Steele dossier was fake, and FBI knew it all along.

Our investigation determined that the Crossfire Hurricane investigators did not and could not corroborate any of the substantive allegations contained in the Steele reporting. Nor was Steele able to produce corroboration for any of the reported allegations, even after being offered \$1 million or more by the FBI for such corroboration.<sup>29</sup> Further, when interviewed by the FBI in January 2017, Danchenko also was unable to corroborate any of the substantive allegations in the Reports. Rather, Danchenko characterized the information he provided to Steele as “rumor and speculation”<sup>30</sup> and the product of casual conversation.<sup>31</sup>

As most states have handed over the reigns of their voter registration and election processing to just a handful of uncertified software vendors - you can assume that the algorithms proven to exist in New York, Wisconsin, and Florida — that generate ghost voters — exist in your state as well. Why aren't the Albert Sensors that are deployed by the Center for Internet Security (private NGO working at the direction of the Department of Homeland Security) finding these breaches? Maybe, it's because DHS/CIS are the ones responsible for initiating the algorithms in the first place.... Just a thought.

Janssen Biotech, Inc.  
Attention: Ms. Ruta Walawalkar  
920 Route 202  
Raritan, NJ 08869

Re: Revocation of EUA 27205 - Janssen COVID-19 Vaccine

Dear Ms. Walawalkar:

This letter is in response to the request from Janssen Biotech, Inc. received on May 22, 2023, that the U.S. Food and Drug Administration (FDA) withdraw the EUA for the Janssen COVID-19 Vaccine issued on February 27, 2021, as subsequently amended. Janssen Biotech, Inc has informed the FDA that the last lots of the Janssen COVID-19 Vaccine purchased by the United States Government have expired, that there is no demand for new lots of the Janssen COVID-19 Vaccine in the United States, and that Janssen Biotech, Inc does not intend to update the strain composition of this vaccine to address emerging variants.

The authorization of a biological product for emergency use under section 564 of the Federal Food, Drug, and Cosmetic Act (the Act) (21 U.S.C. 360bbb-3) may, pursuant to section 564(g)(2) of the Act, be revoked when circumstances make such revocation appropriate to protect the public health or safety (section 564(g)(2)(C) of the Act). Because FDA understands that Janssen Biotech, Inc. no longer intends to offer the Janssen COVID-19 Vaccine in the United States under the EUA and because Janssen Biotech, Inc. has requested that FDA withdraw the EUA for the Janssen COVID-19 Vaccine, FDA has determined that it is appropriate to protect the public health or safety to revoke this authorization.

Accordingly, FDA hereby revokes EUA 27205 for the Janssen COVID-19 Vaccine, pursuant to section 564(g)(2)(C) of the Act. As of the date of this letter, the Janssen COVID-19 Vaccine is no longer authorized for emergency use by FDA.

Notice of this revocation will be published in the Federal Register, pursuant to section 564(h)(1) of the Act.

Sincerely,

Peter Marks, M.D, Ph.D.  
Director  
Center for Biologics Evaluation and Research

WOW: The FDA revoked Johnson and Johnson's emergency use authorization for the COVID jab. They're trying to undo the harm that they've caused and hope we don't notice. No. We notice.

A picture of one of the locks and shows how easy it is to smuggle children into the tunnel under the 3 Gorges Dam. Boats going in and out, exporting/importing - if the dam collapses, these locks that are relied on to export goods will disappear. Result? Market collapse! Also look at the boats coming in and out, there were also children brought in and out for child trafficking. A very easy and discreet way without anyone noticing.

The event of the TOGETHER BREAKING OF THE 3-SHIP DAMN needs to be explained as there are still many who do not understand the implications and what it means when this event finally happens. 1) We take out the 24 nuclear reactors for Gesara. 2) We take out Bitcoin mining and destroy the Deep State fee used for child trafficking - we get the QFS (Quantum Financial System). 3) We take out Big Pharma and we get the cures (MedBeds) All the above adopt the CCP. It is necessary to realise that everything is linked to the collapse of the 3 Gorges Dam. This is THE EVENT!!! This is how General Flynn and Julian Assange will be freed. The more people who understand that NOTHING will happen until the dam collapses, the better. Our near future that looks exciting, our lives that will be filled with healings and abundance, all revolves around the event of the DAM BREAK!!! PLEASE SHARE THIS SO THAT MORE PEOPLE WILL UNDERSTAND THE SIGNIFICANCE OF THE DAM BREAK.

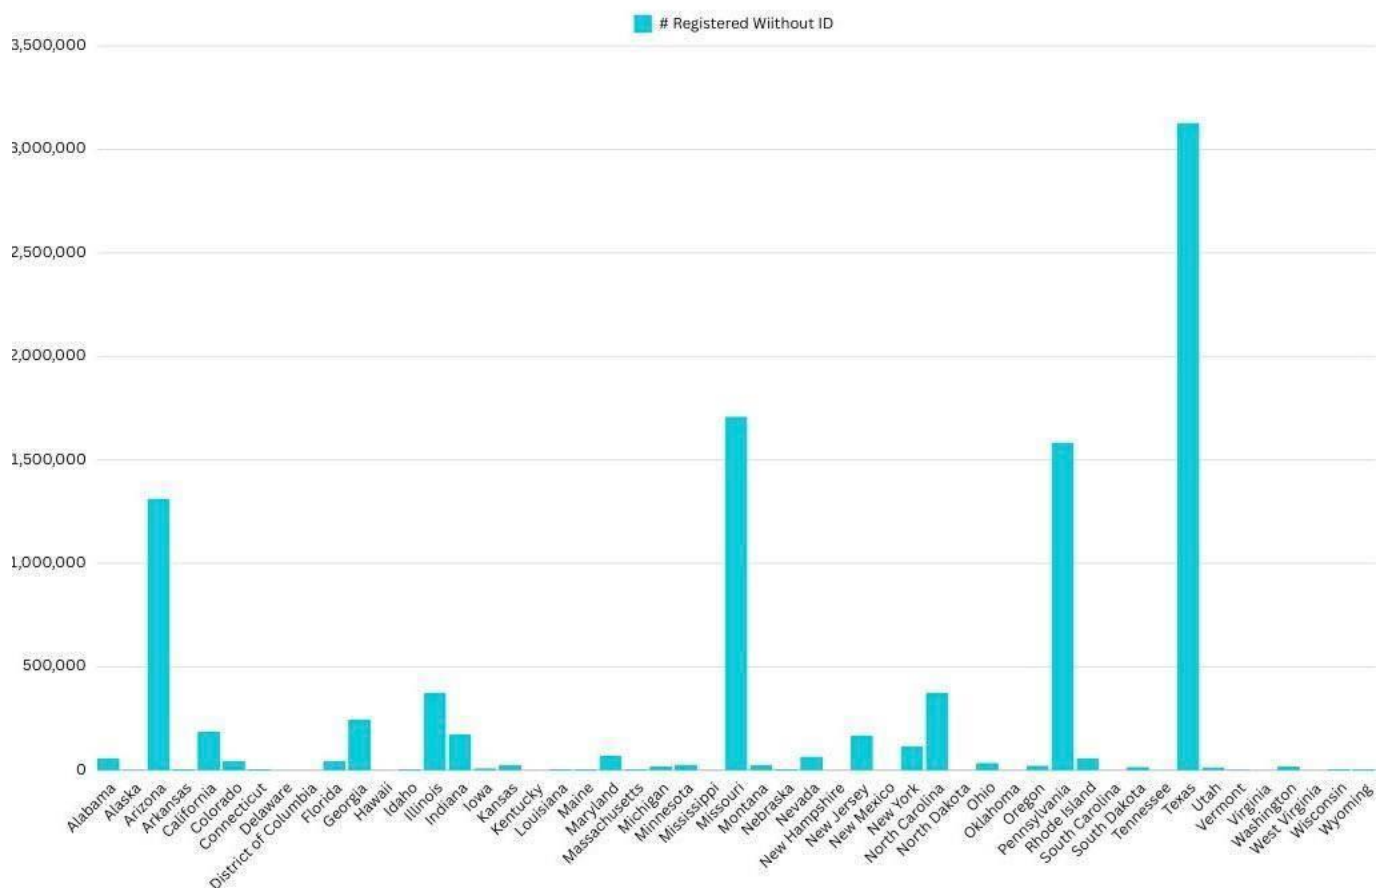

The Three Gorges Dam Collapse is imminent. Our Earth is about to go through the birth pangs of a new age. We are beginning to wake up and realise our true power and destiny. Pray and prepare yourselves.
